SKIN FIRST.

Brand guide · English working edition

Saudi retail. Wider world.

Owned inventory. Arabic-first service. A useful filter across Korean skincare and French essentials.

22 IDENTITIES

Curated breadth.

23 VARIANTS

Size stays explicit.

SAUDI-NATIVE

Arabic leads the journey.

FOUR BRANDS

Maker identities stay visible.

Anua / Mixa / Arencia / Celimax

Price, quantity, local SKU, batch, and expiry remain to verify.

Rounded. Punctuated. Selective.

Preserve the terminal dot, circular i-dots, and one coral optical spark. Never typeset the wordmark.

HOOK

Skin first. Hype second.

Wit opens the door.

UTILITY

Ingredients before exaggeration.

Facts carry the decision.

Arabic: Alexandria for expressive display; Noto Sans Arabic for dense information.

Use structural RTL. Isolate Latin brand names, ingredients, SKU codes, and numbers.

Breadth without blur.

Organize 22 identities and 23 size variants while preserving every maker and verification state.

Skin Moods

Glow · Hydrate/Comfort · Texture/Night

Browse goals. Never diagnose.

Never infer one size variant from another.

Illustration frames truth.

Generated scenery creates mood. Original product photography carries packaging facts.

HERO

Four-point coral glass sculpture: distinctive illustrative scenery.

PRODUCT

Use untouched original photos for Anua, Mixa, Arencia, and Celimax packs.

Texture still: atmosphere only.

Never fabricate labels, packs, formula cues, efficacy, certification, or clinical evidence.

What exists. What still blocks launch.
